

MIDALIDARE
ESTATE

*Midalidare Corporate Presentation
March 2026*

MIDALIDARE ESTATE

Midalidare is more than just an estate. It is a dream came true. A dream built on the philosophy of synergy between men and nature. Hard work, endurance, respect and great passion are the heart of Midalidare.

We are a leading company in wine industry in Bulgaria and apprired traditional method sparkling wine producer. Modern expression of time-honored winemaking is what makes our wines unique. Wines of tradition and innovation, know-how and state of art technology, attractive character, and exceptional style.

Corporate values

Innovation

The credo of the company is the process of motion. Elaboration, innovations, investments and development are what make a company successful.

Excellence

Great eye for every detail is involved combined with permanent quality control. Year after year, harvest after harvest, a reputation of high-quality wines is built.

People

Passion is for people and people is the driving force of Midalidare. Harvest by harvest the team builds up experience and confidence.

Sustainability

Midalidare work is subject to humanity, recycling and environment care. Growing in harmony with natural and social environment is of great value.

Mission

Midalidare is a company devoted to its mission: to create the highest quality wines made in the best possible way in accordance with its resources and to what nature has to offer. Natural gifts are combined with dedicated work within the long process of creating incredible wines. Year after year, harvest after harvest, a reputation of high-quality wines is built.

Midalidare does not only create wines, but passion and desire to transform unique natural's gifts into a masterpiece! High standards require dedication and aspiration, and values determine the appearance of the company.

Tradition, ethics and respect are the backbone of a sustainable company. A company should be led by stated goals, solid mission and clear vision. A company should be responsible and consistent, viral and developing. Midalidare Estate is sustainable, teamwork driven company looking forward to the future of winemaking.

Business model

From vineyards to the market: our operations cover the entire production and supply chain, guaranteeing the high-quality of our wines.

Origins

The combination of climate and soil conditions in Mogilovo is remarkable. What makes the region and the terroir unique is the big temperature amplitude: up to 20°C.

The altitude of vineyards from 290 to 400 meters above sea level. The climate is characterized with mild winter and warm summer. The vines are benefited from more than 2800 hours of sunshine per year and more than 100 clear days per year.

The ground is highly heterogeneous due to the difference in the soil forming rocks in the separate zones of the area. The diversity of cinnamon forest soils and alluvial soils, limestone, sandy and clay rows and the magnificent red clay of Dabovets vineyard are a further prerequisite for the wine variety in the estate of Midalidare.

Origins

A detailed study of the climate and soil composition of the land precedes the planting and cultivation of the vines. The varieties presented are the ones suitable for the terroir, and whose development has been carefully monitored over the years. Each variety has a carefully chosen branch and grapevine rootstock, and the overall management of the vineyards is directed towards extraction of the best of the land in Midalidare.

The red varieties in Midalidare are presented by Cabernet Sauvignon, Cabernet Franc, Syrah, Malbec, Merlot, Pinot Noir, Mourvedre, Petit Verdot, Tannat and Meunier. The whites are Chardonnay, Sauvignon Blanc, Pinot Gris, Riesling, Traminer, Semillon and Viognier.
